Investiture Ceremony

The investiture ceremony is an important occasion in which all of the young students prepare to take up the mantle of leadership and carry out the responsibilities bestowed upon them by the institution. Our college recognized and trusted our upcoming future leaders on June 28th, 2021, with the Investiture ceremony. Rev. Sr. Margaret Julie, the Administrator and Secretary, Chief Guest our Principal, Prof. Nisha Joseph facilitated the elected student council members.

Selected student coordinators were given their batches, after which an oath-taking ceremony was held to ensure that they adhered to the institution's norms and performed their tasks honestly.

Ms. Pradeepa M, Co-Coordinator of SWO committee, took the initiative to organize this event. The SWO Committee is in charge of organizing extracurricular activities and competitions at the college.

Elected student council members:

"ROLE AND RESPONSIBILITIES OF THE YOUTH DURING THE PANDEMIC"

Introduction:-

COVID-19 The Coronavirus, a pandemic has made us realize that we all are connected in this entire world as a family. Although connected, medical experts have suggested social distancing as one of the perfect solutions to fight against the new evil. Our Honourable Prime Minister Narendra Modi indicated how COVID-19 chain can be stopped with 21 days country lock down. But to flatten the COVID-19 the lock down must be respected & accepted by 130 crore Indians.

Young people in India are capable to take the country out of the shackles of the ongoing health and humanitarian crisis.

As the daily reports suggest the poorest and the most marginalized (Daily wagers, Migrant workers, hawkers, contractual and informal workers, etc.,) are disproportionately impacted since their livelihoods and incomes are lost, with reports of them being confined in undignified conditions of shelters going around. Among the most impacted are the hapless migrants (youth are among the largest among the migrants), who are starved of funds and food and hardly have resources or space to practice social distancing.

The Challenges

State of public health care in India

The Indian Government's expenditure on health as a percentage of GDP still hovers around 1.5%. One of the world's for around 52% of households in urban areas, and 44% of households in rural areas, the private sector is the main source of health care then are sick according to government data. It is insufficient to take on a pandemic like COVID-19.

The Role of Young people

In Increasing Numbers Young people are proactively combating the spread of the virus and working to address the pandemic's impacts

Raising Awareness and enhancing Connections

They are at the forefront of risk communication initiatives, for instance they can:

* Address misinformation discrimination and stigma related to the crisis.

* Disseminate information about COVID-19 using various platforms in official and local languages.

Misinformation and Stigma

Stigma has further Aggravated the problem. Misinformation and Stigmatisation has led Many people Running away from the Quarantine centres / Hospitals and people are not coming forward. The Issue Of Stigmatization Steems from fear, prejudice Divisiveness, Sometimes from Racism, and lack of Correct Information.

Water and Sanitation

The preventive Measures Require frequent washing of Hands apart from Maintaining physical Distance and practicing Isolation. Despite tackling the Challenge in a mission Mode, there Remains Critical gaps in Access of people to potable Water and Sanitation facilities.

Impact of Lock Down

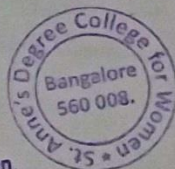

The Nation-wide lock Down has led to loss of livelihood, education, Access to family planning and Sexual and Re-productive health Services among young couples and young people. There is an Increase in Reported cases of Gendered and Domestic Violence

The Intervention

It is about empowerment and participation. Backed by Rigorous Structure, process, Quality assurance and Investment in people. It is Both a Means - a way of Achieving Change and Impacts for young people and their Communities, Youth leading Development, and an end in itself - Building the Capacity, Skills and people, Creating a generation of Leaders, and forging Sustainable linkages in Communities.

GREEN WEEK CELEBRATIONS

GREEN WEEK CELEBRATIONS

Eco Club organized the Green Week Celebration on 08/02/2021 to 13/02/2021. On the first and second day, 22 eco-club members were involved in Environmental Awareness Campaign and they visited all the classrooms and conducted sessions on "waste segregation" and "Energy Conservation". Students were advised to use bicycles, public transport and walk to control air pollution. The third, fourth and fifth day, the eco-club members actively cleaned the campus and spread awareness on importance of clean environment. On the sixth and seventh day, students were encouraged to write articles on Global Warming and Climate Change. Students exhibited their writing skills and actively participated in the events.
