Introduction

Research is a scientific process and requires training and guidance. Research helps restore and protect memory and enhances mathematic and problem-solving skills. The whole process of research opens new doors of learning and literary growth. A person's learning capacity is improved and they can perform better in comparison who is reluctant to research. Research has an undeniable role in the business industry. Successful companies have resources invested in research and development to have all the information they need of the market. A workshop on “Art of Writing a Research Paper” was organized by the Department of Business Administration, for the students of BBA and other departments. The event commenced with a welcome address, followed by the speaker's session. Dr Meera B, Head, Department of Business Administration, SJR College, Anand Rao circle, Bengaluru, was the speaker for the session. The workshop focused on important areas of research. The activities included in the speaker's presentation made the session very interesting.
