Best practice I

1. Title of the Practice: *Mother Gnanamma Fund – 'A day A Rupee'*

2. Objectives of the Practice

Mother Gnanamma Fund – A Day A Rupee scheme was formulated to provide the financial support for the needy and help them to fulfill their basic need for their day-to-day life. The scheme is 'committed to change lives'. The main objective of the scheme is to help the truly needy people who find it difficult to meet their basic requirements for their life.

3. The Context

The Mother Gnanamma Fund initiative has been conceptualized to provide financial support to poor and needy. The scheme aims to reach various causes of community in order to improve the society. The Mother Gnanamma fund in 2021-22 was utilized for distribution of new uniform clothes and lunch for children from class I to V of Annai Teresa Primary School, Kalakambadi, Salem District, Tamil Nadu, from 7th January 2022 to 8th January 2022. The sisters of society of St. Anne have identified the children who didn't have any uniform for their school and were really in need and presented them with a set of new uniform. As promised, the students were presented with a new set of uniform.

4. The Practice

The scheme was designed to raise a specific amount of money to meet the cause. The college has taken initiative to impart the value among students to be more philanthropic by introducing "A day a rupee scheme". Every class is provided with a donation box for the students to drop a rupee a day. Student volunteers under the guidance of class teachers collected one rupee from every student on daily basis. Apart from this faculty members, Principal and college management also contribute certain amount towards the fund for each semester. The fund collected will be utilized for the people who are in need.

5. Evidence of Success

Sr. Joyce, Sr. Dr. Margaret Fatima Mary, Secretary of St. Anne's degree college, Ms. Nisha Joseph Principal, Sr. Imelda Rani, Sr. Prema and the Coordinator of the fund collection Mr. Dr. Puttanna had joined hands in successfully collecting the amount. A total sum of rupees 42,500/- was collected. In the presence of Fr. Amal Mahimai as chief guest, Sr. Metilda, Sr. Nalini and Sr. Philomin presented the children with new uniform and provided them with lunch. The scheme has helped seventy eight children from Annai Teresa Primary School of which forty one were boys and thirty seven were girls. Since it is not possible for every individual to support the needy, this initiative of joining hands together by contributing a very small amount was a great victory. Every benefactor had a pleased feel that even their small contribution has helped to serve for the society.

6. Problems Encountered and Resources required

The scheme required only the generous hearts to raise funds and not any physical properties or requirements to attain the objective. It was challenging to motivate the students to contribute to the scheme (A rupee a day). We had really worked and visited homes to find the beneficiary of the scheme. Another major problem was that, we had to get permission from the local heads, Gram Panchayat and also meet the local people in identifying the real needy people who was in sought of help.

Best practice II

1. Title of the Practice: *One month Computer Literacy Workshop for school children.*

2. Objectives of the Practice

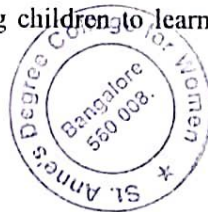

The objective of the Department of Computer Application is "SKILL DEVELOPMENT & COMPUTER LITERACY" program through "FREE COMPUTER EDUCATION" in schools. It aims to make our students more socially responsible and motivate them to contribute the society by reaching out to the under-privileged students and give them the basic computer education and impart knowledge on technology.

3. The Context

The only way to adequately prepare children for the future is through computer education classes that help them to learn about computers and technology. Preparing students for the workforce is one goal of education today. Since almost all jobs now and in the future will require students to use technology in some form; students need to begin learning the basics of how computers work and how technology enhances life. Hence the department decided to implement this free computer Literacy Programme with "BBMP Government Boys High School, Ulsoor". The syllabus of the programme is framed in accordance to the need and context. The workshop included basic computer fundamental skills like Desktop basics, MS-office and MS-Paint.

4. The practice

The Department of Computer Application continued its outreach programme with "BBMP Government Boys High School, Ulsoor". The Memorandum Of Understanding (MOU) was signed between the school and our college. The outreach programme started from 18th Dec to 22nd Dec 2022. Five students from final year BCA were selected to conduct the outreach programme. This outreach programme helped the young children to learn the fundamentals of computer and Ms-office Application.

5. Evidence of Success

The students of BCA could successfully train and up skill the government school children with basics of computers. The children and the management of BBMP Government Boys High School were delighted and satisfied with the programme conducted. Also students of our college were happy and proud on their service of teaching and social responsibility.

6. Problems Encountered and Resources Required

As it was the pandemic situation and also due the ban on hijab in educational institutions, there were new rules and regulations by the government. These circumstances made us very challenging to schedule the classes.
