### Placement report for the year 2022-2023

The Placement Cell of **St. Anne's Degree College for women**, College has had another fruitful year of placements in the academic year 2022-2023 which saw various companies approaching us in their hunt for fresh talent of recruits for their organization. Each year, we host in-campus interview by inviting various companies to recruit our students, and in spite of the job market looking bleak this time around, we saw many leading corporate companies recruiting considerable number of students from our campus. The Placement Cell is headed by our **Principal** and the **HODs of various Department**. All the activities of the Cell are led by Mr. Anil Kumar and the Student Core Committee, which consists of students from different courses in their final year. We aim to invite companies from various fields in order to make opportunities available not just for students of BBA, BCOM, B.A and BCA streams but also for science and arts streams too. The Placement Cell of **St. Anne's Degree College for women**, aims at making available quality placement opportunities for the students of the college. It acts as an interface between the students of the college and various companies that come for recruitment. The placement cell maintains a constant contact with its students through its Blog, Face book page and also sends the students regular mails notifying them about the companies that would be visiting thereby encouraging them to apply for the recruitment procedure. Like previous years, this year also the cell organized several workshops for students- The seminar on Soft skills Development and Career Building was held in collaboration with **TBT** for all final year students, the eminent speakers being **Mr. Ruben, Mr.Shilesh** and **Mr.Prem**. Though the seminar followed the tradition of teaching the students the format of an impressive Curriculum Vita, it also initiated them to take part in mock Group Discussions. The seminar was highly valuable and appropriate for most of the final year students who would be taking part in group discussions and interviews and campus drives in the near future. Other seminars were also conducted for the second-year students.

### About 'JAANAPADA LOKA'

('Folklore world or Folk-culture World'), is a folk museum that has an exclusive display of the village folk arts of Karnataka. It is under the aegis of the Karnataka Janapada Parishat. Loka Mahal, a wing in the museum has a display of 5,000 folk artifacts. It is situated in Ramanagara, Ramanagara district in the Indian state of Karnataka, on the Bangalore-Mysore highway, 53 kilometers (33 mi) to the south of Bangalore.

H. L. Nagegowda, an Indian civil servant and folklorist, thought of creating a museum to exhibit the varied folk art and culture of Karnataka. Accordingly Karnataka Janapada Parishat (Jaanapada Academy) was first established on 21 March 1979. Gowda and his friends continued collecting antiques for this institution for the next three decades. The current museum land in Bangalore-Mysore highway was bought on 12 March 1994.

Janapada Loka is divided into separate wings — Folk arts museum, Loka Mahal, Chitra Kuteera, Doddamane, Shilamala, Arghyamala etc. The museum has a collection of 5,000 folk artifacts.

**Collections:** Janapada Loka is established on a 15-acre (61,000 m<sup>2</sup>) campus, where "rural milieus from Karnataka" have been recreated. It also houses a plethora of rural artifacts which bring out the theme of "folk literature, music, dance, festivals, sculpture and lifestyle." The museum provides an opportunity for rural artisans, musicians and craftspeople to showcase their art and provides a platform for marketing these works of art. Books, DVDs and CDs relating to folk arts are also sold at the Information Center.

### Entrance:

The entry gate to the museum gives an impressive greeting to the visitors. It has brass trumpets on the two pillars of the gate hoisted with "Harige" and Nandidwajas (flags of Nandi). The front face of the gate's leaves have images of Shiva and Vishnu embossed on them, which are cult figures of worship. The gate leads to the Lok Mata Mandira, which is the Information Centre of the museum. There is a flock of pet swans roaming around here.

### Ayagaramala:

Ayagaramala is an open yard where the exhibits relate to pottery, cottage industries, machinery for sugarcane crushing and oil extraction, a "bullock cart", and a wooden chariot used in temple processions. A puppet theater is part of the establishment with space to seat 50 people. A large open air theater is laid out in the shape of a Greek amphitheater where 1000 people could be seated.

### Festivals:

At the Jaanapada Loka cultural events related to folk culture are a regular feature every year. Some important festivals celebrated here, every year, are the Lokotsava (February–March), the 'Dasara' in October and the Kite Festival in July.

Lokotsava, a two-day event, is the keenly awaited of all the festivals where

Folk artists from all regions of Karnataka take part. It happens during February–March every year. During February 2014, the festival was planned to commemorate the birth centenary of its founder Nage Gowda. It was also proposed to promote folk arts of the state by honoring 100 folk artists, during 2015, with a cash prize and citation.

### DEPARTMENT OF REHABILITATION SCIENCE WORLD DISABILITY DAY – 2022-2023

The annual observance of the International Day of Disabled Persons was proclaimed in 1992, by the United Nations General Assembly Resolution 47/3. The observance of the Day aims to promote an understanding of disability issues and mobilize support for the dignity, rights and well being of persons with disabilities.

St. Anne's Degree College, Halasuru celebrated World Disability Day on December 3<sup>rd</sup> 2023. There was an awareness program organized by the Department of Rehabilitation Science. The students of the department along with Ms. Shoba, HOD and Ms. Priya went to the St. Anne's School to create awareness and explain about the significance of December 3<sup>rd</sup>. It was followed by a short message regarding the disability.

The students prepared charts based on each of the disabilities with its information. The students went to each of the PU classes creating awareness and explaining about each disability. The PU students understood and learnt the appropriate terms to be used for each disability.

Not only creating awareness in the college and school, the students wanted to create public awareness. The group of students with placards marched to the streets near the Halasuru Police Station and created awareness to the public. They stood during the time of Traffic Signal displaying their charts. This grabbed the public's attention and they had a positive response viewing the interesting information. Overall the students of Rehabilitation Science created an impactful day proving "Disability is a matter of perception".
