Green initiatives 2022 - 2023

Maintenance of existing medicinal plants

Our campus has quite a lot of medicinal plants that were collected as part of green initiatives that we carried out in our college campus. These medicinal plants are nurtured by our students daily to ensure that the plants are healthy and the bear fruits. There are plants that we consistently use as first aid for our students, in case of any minor abrasions or wounds. This has created a psychological impact among students and lead them to maintaining and nurturing the plants.

Waste segregation enforcement

We have a team of students to create awareness on proper waste segregation. They have framed a set of rules pertaining to waste segregation and have circulated the rules to the entire students and staff in the college. They also monitor and enforce the rules to ensure proper segregation is happening. Through this enforcement and monitoring, now we are efficiently segregating the waste.

Energy and Water conservation awareness

St Annes college students and a Bangalore wide movement is built with an intent to train and sensitize the students and general public on the importance of energy & resource conservation to combat climate change. It imparts knowledge and understanding of natural resources and energy conservation to the young minds. This awareness is an on-going process where in greater number of students are involved in creating the awareness among the students and common public. This has created a tremendous amount of impact among the students, in terms of gaining the necessary knowledge and practically applying that.

The Stations of the Cross: 2023

Time: 12;30 pm

Venue: St. Anne's AV HALL/ PRAYER HALL.

'Let us not grow tired of doing good' is the message that Caritas, inspired by Pope Francis' 2022 Lenten Message, is calling on all of us to keep in our hearts this Lenten season. For many, it seems that the world is facing more crises than ever before. Each year St. Annes degree college for the women Colleges hold way of the cross for the catholic students of the college. It is very powerful to see our young adults share in this long-standing Catholic Tradition. "Ash Wednesday beginning of the Lenten season. The traditional purpose of Lent is the preparation of the believer through prayer, penance, repentance of sins, almsgiving, atonement and self-denial. Its institutional purpose is heightened in the annual commemoration of Holy Week, marking the death, burial and resurrection of Jesus, which recalls the tradition and events of the Bible beginning on Friday of Sorrows, further climaxing on Jesus' crucifixion on Good Friday, which ultimately culminates in the joyful celebration on Easter Sunday of the Resurrection of Jesus Christ.

Lent is a period of time when the people are more conscious of their spiritual character. The passages of the Gospels and the Epistles, the hymnology and prayers, the spirit of the Church - all endeavor to help the Christian cleanse himself spiritually through repentance. "Repent" is the first word Jesus Christ spoke in His proclamation to the people, as the epitome of His Gospel. Repentance is the main motivation of the Christian which acts to free him from sin. One's recognition of his sin, his contrition over it and lastly his decision to make an about-face change of his attitude are the steps of repentance. understanding the important of the way of the cross the AICUF UNIT of St. Annes degree college conducts every Friday of the Lenten season with the hour of way of the cross. All the Roman Catholic students and staff used to attend this prayer session with lots devotion.
