The Placement Cell of **St. Anne's Degree College for women**, College has had another fruitful year of placements in the academic year 2023-2024 which saw various companies approaching us in their hunt for fresh talent of recruits for their organization. Each year, we host in-campus interview by inviting various companies to recruit our students, and in spite of the job market looking bleak this time around, we saw many leading corporate companies recruiting considerable number of students from our campus. The Placement Cell is headed by our **Principal** and the **HODs of various Department**. The Placement Cell of **St. Anne's Degree College for women**, aims at making available quality placement opportunities for the students of the college. It acts as an interface between the students of the college and various companies that come for recruitment. The placement cell maintains a constant contact with its students through its Blog, Face book page and also sends the students regular mails notifying them about the companies that would be visiting thereby encouraging them to apply for the recruitment procedure. Like previous years, this year also the cell organized several workshops for students- The seminar on Soft skills Development and Career Building was held in collaboration with **TBT** for all final year students, the eminent speakers being **Mrs. Arthi, Mr. Madan, Mr. Rajkumar** and **Mr. Premanjan Biswas** Though seminar followed the tradition of teaching the students the format of an impressive Curriculum Vita, it also initiated them to take part in mock Group Discussions.
