130 responses

19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

130 responses

20. The overall quality of teaching-learning process in your institute is very good
130 responses

21. Provide observation / suggestions to improve the overall teaching – learning experience in your institution.

The observation and suggestion to improve the teaching learning process in our institution is as follows.

- Teaching is good and infrastructure facilities like ICT, computer lab, sports, cultural programs are very conducive to learning.
- Classes are interactive and students are encouraged to participate in extracurricular activities and practical exposure is given.
- To reduce writing notes in college since it is time consuming and stress level can be decreased. Need to improve in academics by providing permission to take text books from library to home, giving more revision, more practical learning/ teaching can enhance learning.
- Communicate in English and explanations should be more elaborate. There should be a projector in every class and teachers should use it for teaching concepts, especially theory.
