

Annual Report 2022-2023

“If the plan doesn’t work, change the plan but never the goal” - Henry Ford.

Introduction

Education helps to develop not only our personality, thought, behaviour and competency but also enables us to contribute in building up of our society, country and the world. The faculty and staff put in hard work to foster an atmosphere where true learning can take place. Our students are taking up the mantle to learn, to explore and implement the ideas that they have been taught and those that they have imbibed while in the classroom and outside. This report showcases the events where their ideas were expressed and minds were kindled.

The programmes and activities helped in sharpening the individual and collective skills of the faculty and students while promoting a sense of unity and harmony among all sections of society.
